

# Scheduled Phlebotomy Visits at the Medical Office Building

Beginning in August 2020 The University of Vermont Medical Center began scheduling appointments for blood draws at the Fanny Allen Campus (Medical Office Building) lab in Colchester.

**All patients must call (802) 847-8864 to schedule a blood draw  
(Call to schedule between the hours of 8:00am—4:30pm Mon-Fri)**

By transitioning this location to be appointment-based we are responding to our patients concerns of long wait times and, with COVID-19, being in close proximity to other patients.

Our labs at the Ambulatory Care Center Main Campus and 1 South Prospect Street in Burlington will remain walk-in sites for the time-being.

We understand that this is a change for patients who are used to walking in for blood draws at Fanny Allen. When the Lab began scheduled phlebotomy at the Medical Office Building in August 2020 we made an effort to accommodate walk-ins for a few months. We now require all patients coming to the Medical Office Building lab to have a scheduled visit and can no longer accommodate walk-in phlebotomy at this site. Patients without a lab appointment will be redirected to other sites that can accommodate walk-in phlebotomy.

A flyer with details that can be hung in your clinic is below. Up to date information on lab locations and hours can also be found online at [UVMHealth.org/MedCenterDrawSites](https://UVMHealth.org/MedCenterDrawSites)

If you have any questions please contact Lab Customer Service by calling (802) 847-5121
