Introduction

As a University of Vermont Health Network employee, you make a difference to our patients and their families by bringing compassion to those in a time of need. UVMHN extends this culture of caring to you and your family by providing a comprehensive and flexible benefits package.

Making good decisions about your benefits—from choosing the coverage that meets your healthcare needs, to determining how much to contribute to your retirement—is essential to getting the most out of every benefit dollar you spend. When considering your benefit options, look beyond the per pay-period costs and consider which plans will provide you and your family the best overall value.

The UVM Health Network has designed the benefit offerings to meet the increasingly diverse needs of our growing employee population. Our broader selection of plans provides more choice - whether you need coverage for just yourself or for an entire family. We seek to support the entire Network community by offering a variety of cost-effective benefit plans.

The University of Vermont Health Network is committed to you and your family's overall health, well-being, and financial protection. We understand that you and your family have unique needs. We invite you to take an active role in making the right coverage decisions for your personal situation.

Eligibility

ENROLLMENT

Enrollment in most plans at UVM Medical Center is made via Workday. As a general rule, your elections under our plans should be made on a prospective basis (when possible) and cannot be changed until the beginning of the next calendar year.

Because you pay for benefits with pre-tax dollars, the IRS requires that your benefit elections be permanent for the plan year. Once elected, you can only change your benefits if you have a qualifying life event. Benefit election changes as a result of a qualifying event must meet certain guidelines and must be made within an allowed time period.

If you miss your enrollment deadline, you will receive only employer paid life insurance, short-term and long-term disability, and Employee and Family Assistance Program (EFAP) coverage.

WHEN IS COVERAGE EFFECTIVE

ANNUAL OPEN ENROLLMENT

Enrollment and changes made during Open Enrollment (annually in November) are effective January 1 of the next year. Payroll deductions for most plans begin with the first paycheck in January.

HIRE OR BENEFIT ELIGIBILITY DATE

When you are hired or first move into a benefit eligible classification, your coverage will begin on your date of hire.

You have 31 days to enroll in coverage following your start date or benefit eligibility date.

Regardless of when you enroll within those first 31 days, your coverage will begin on your date of hire, even if that date has passed. You are responsible to pay for coverage from your coverage effective date.

EXAMPLE:

- **Hire Date:** January 20
- **Time to Enroll in Coverage:** January 20 - February 20 (31 days)
- **Coverage Begins:** January 20
If you complete your enrollment after January 20, your benefits will still begin January 20 and you will be responsible for any missed premiums payments.

ELIGIBLE DEPENDENTS

YOU CAN ELECT TO COVER THE FOLLOWING DEPENDENTS IN BENEFITS:

- Spouse
- Legally Dependent Child up to age 26
- Disabled Dependents of any age

UVMHN requires that you provide documentation for any dependents you wish to cover under its benefit plans. Below is a list of eligible dependents with appropriate UVMHN documentation that can be provided to validate their eligibility. Documentation should be scanned and uploaded within Workday for review and approval.

If you elect benefits that include coverage for dependents, please add their Social Security number(s) (SSNs) in the space provided during enrollment in Workday. It is important to provide this information, as the Affordable Care Act (ACA) requires employers to report to the IRS the SSNs of all employees and dependents with coverage.

FOR ANNUAL OPEN ENROLLMENT:

Documentation must be provided before the start of the new calendar year.

HIRE OR BENEFIT ELIGIBILITY DATE:

Documentation must be provided within 31 days.

You can only be covered once under a UVM Health Network benefit plan. If your spouse or child(ren) are already covered under a UVMHN benefit plan, you will not be able to add them to coverage under your plan.

FOR EXAMPLE:

- If your spouse works at UVMHN or an affiliate and covers you under their medical plan, you cannot elect medical.
- You can only be covered by one medical plan at UVMHN.
- You can, however, cover yourself and family on medical coverage and then have your spouse cover you and your family under dental coverage.

ELIGIBLE DEPENDENTS	Documentation Required For Coverage
Your Legally Married Spouse	Marriage Certificate or Copy of the 1st page of last year's Federal tax return, indicating "Married Filing Jointly" or "Married Filing Separately"
YOUR LEGALLY DEPENDENT CHILD(REN) UP TO AGE 26 REGARDLESS OF MARITAL STATUS INCLUDING:	
Biological Child	Copy of Birth Certificate or Application for a Birth Certificate
Legally Adopted Child	Adoption Record or Placement for Adoption document from Court
Stepchild (through marriage)	Copy of your Marriage Certificate and Child's Birth Certificate
Child whom you or your Spouse are Legal Guardians	Court Order or Legal Guardianship Document
Unmarried Child age 26 or older who is disabled and incapable of self support	Birth Certificate and Request for Coverage for an Adult Dependent Due to Disability Form completed by dependent's health care provider

PAYING FOR COVERAGE

UVMHN Plans follow Section 125 of the Internal Revenue Code, which allows employees to pay for and fund their health coverage (medical, dental, vision, flexible spending accounts, and health savings accounts) on a pre-tax basis. In other words, you do not have to pay FICA tax or state and federal income taxes on the earnings that are deducted to pay for and fund these benefits.

In order for UVMHN to offer coverage to be paid on a pre-tax basis, we must follow specific enrollment requirements. Some of these requirements include keeping employees enrolled through the calendar year, only providing coverage for eligible dependents, and only allowing changes to coverage when they have a qualifying life event.

Medical Insurance

UVM Health Network will offer four medical plans to meet your and your family's needs. Regardless of the plan you enroll in, all plans utilize the same network of providers. This means that regardless of the plan you choose, you will have access to the same providers, hospitals, and facilities.

Blue Cross Blue Shield (BCBS) is our medical plan administrator. With more than 95% of physicians and 96% of hospitals in the BCBS national network, you have convenient access to providers, services, and in-network rates wherever you are.

All plans allow you to seek care without a referral for both in and out-of-network care. You will save money by utilizing UVMHN Providers and Facilities. If you utilize a non-participating BCBS provider or facility (out-of-network) your out-of-pocket expenses will be higher.

NATIONAL BCBS NETWORK

Within each of our four plans, we have three tiers of coverage:

- **UVMHN Providers and Facilities**
Any providers or facilities within The University of Vermont Health Network. All UVMHN providers and facilities are contracted with BCBS. Domestic services have the lowest cost-share.
- **BCBS Providers and Facilities**
Providers and facilities are providers BCBS has contracted with under your health coverage. In-network does not mean a provider or facility needs to be located in Vermont or New York. BCBS provides network coverage nationally.
- **Non-participating BCBS Providers and Facilities**
Refers to any providers or facilities that have not contracted with BCBS. When utilizing out-of-network care you will be responsible for a higher percentage of cost-share.

When you select UVMHN providers and facilities, your money goes further because a greater portion of your care is covered by the plan. Refer to the medical plan chart for an overview of coverage and out-of-pocket costs for medical care.

PREVENTIVE OR DIAGNOSTIC?

Preventive care is intended to prevent or detect illness before you notice any symptoms. Diagnostic care treats or diagnoses a problem after you have had symptoms. Be sure to ask your doctor why a test or service is ordered. Many preventive services are covered at no out-of-pocket cost to you. The same test or service can be preventive, diagnostic, or routine care for a chronic health condition. Depending on why it's done, your share of the cost may change. Whatever the reason, it's important to keep up with recommended health screenings to avoid more serious and costly health problems down the road.

REGARDLESS OF THE PLAN YOU ENROLL IN, PREVENTIVE CARE IS COVERED AT 100%

UVMHN 250 & UVMHN 400 PLAN

You **do not** need to designate a Primary Care Physician (PCP), if you enroll in the 250 or 400 Plan. You may go outside of the provider network for health care services however, you will pay less if you use doctors, hospitals, and other health care providers that belong to the BCBS Network.

Under the UVMHN 250 and 400 Plan, co-pays apply for most office visits and prescription drugs. Certain outpatient services and all inpatient care will apply towards the deductible and coinsurance. Examples of these services include scans, inpatient stays, blood or lab work outside preventive care.

UVMHN 1500 & 3000 HDHP WITH HSA

HDHP utilizes the same network as the lower deductible plans. Like the lower deductible plans, you **do not** need to designate a PCP.

All services, with the exception of preventive care visits and some preventive medication, apply toward the deductible and coinsurance. There are no co-pays on this plan. This means if you have a doctor's visit or need a prescription that is not considered preventive, the cost of the visit and the script would apply towards the deductible.

The UVMHN HDHP with HSA -Plans offer a unique feature not available with the other medical plans. When you enroll in these plans, you receive a UVMHN Health Savings Account (HSA) contribution based on the plan you choose and who you cover. You will always own this account along with any money that is contributed to it.

EMBEDDED VS. AGGREGATE DEDUCTIBLE

With an aggregate family deductible, your family will be paying the deductible until the entire family deductible is collected. With an embedded family deductible, the plan begins to make payments as soon as one member of the family has reached their individual deductible. IRS guidelines specify that in a qualified HDHP, individual deductibles do not apply.

Prescription Coverage

Pharmacy benefits are included in all UVMHN Health Insurance Plan Designs. Prescription coverage requires medical plan enrollment. Medical and prescription coverage cannot be separated.

Navitus Health Solutions processes and pays prescription drug claims for UVMHN employees. Navitus has a strong commitment to improving your and your family's health, while minimizing your out-of-pocket costs.

PHARMACY NETWORK

You pay the lowest amount for your medication when you fill it through the UVM Health Network Retail or Mail Pharmacy. Often, there is no out-of-pocket cost. Your payment will be higher if you fill your prescription through any participating pharmacy. You will pay 50% of the cost of prescriptions filled at pharmacies that are not in the network.

There are more than 64,000 retail network pharmacies covered under Navitus. Local pharmacies such as CVS, Kinney Drugs, Rite Aid, Hannaford, Shaws, Price Chopper, and Walgreens are covered under the Navitus network.

COVERAGE

All covered prescriptions are categorized into one of three cost-sharing levels. Level 1 contains most generic drugs (least expensive) whereas Levels 2 and 3 contain most brand-name drugs. Review the **Navitus Formulary List** to determine which level your prescription drugs fall into. The most current list may be found at www.navitus.com (after login).

PREVENTIVE DRUG LIST

Navitus has developed a list of generic drugs that are used in the prevention of various medical conditions. For example, some of these medications may be prescribed for treatment of high blood pressure, diabetes and high cholesterol. The drugs on the Preventive Drug List will either be provided at no cost or will require a co-pay, regardless of which medical plan you are enrolled in.

SPECIALTY PRESCRIPTIONS

EXCLUSIVELY FILLED AT UVMHN SPECIALTY PHARMACY

Injectable drugs and other specialty medications have become a vital part of treatment for complex diseases such as multiple sclerosis, rheumatoid arthritis and cancer.

Prescriptions for specialty medications must be filled at The UVM Health Network Specialty Pharmacy. If UVMHN Specialty Pharmacy cannot provide your prescription, they will coordinate with you to secure the prescription you need. These drugs can be picked up or mailed to your home address.

AN EXAMPLE OF HOW AN HDHP WORKS

Under the 1500 HDHP and 3000 HDHP, you will be responsible for the cost of any care, services, or prescriptions up to the deductible. After meeting the deductible, you will pay coinsurance for medical care and services. A co-pay will apply for any prescriptions after the deductible is met.

EXAMPLE:

You have a 25 minute office visit with your Internal Medicine Provider, you will pay the BCBS negotiated rate. This amount will apply to the deductible.

- Cost of Visit:.....\$197
- BCBS Negotiated Rate:.....\$151
- **Out-of-pocket Expense to you, applied to deductible: \$151**

EXAMPLE:

If you have an MRI of your abdomen at a UVM Health Network Facility, you will get the BCBS negotiated rate. This amount will apply to your deductible and once that is met, you will pay coinsurance.

- Cost of Visit:.....\$4,032
- BCBS Negotiated Rate:..... \$3,526
- **Out-of-pocket Expense to you: \$1,702.60**
- (Assumes single coverage under the \$1,500 Plan with no other expenses in the calendar year)
- Deductible \$1,500
- Coinsurance.....\$202.60

EXAMPLE:

You are prescribed a medication that is not preventive that costs \$327 for a 30-day supply.

- Cost of Prescription:.....\$327
- **Out-of-pocket cost, paid for by you. This applies to deductible:.....\$327**

NOTE:

SEPARATE ID CARDS ARE ISSUED BY BCBS AND NAVITUS.

Choosing a Health Plan for You and Your Family

Choosing a health plan can be overwhelming and confusing. There are a lot of things to consider and while we are not permitted to provide specific guidance or recommend a health plan, we can help you understand the options you have. We want to ensure you feel informed and can make the best decision for you and your family.

WHAT IS THE SAME ABOUT THE FOUR MEDICAL PLANS?

- Blue Cross Blue Shield will provide medical coverage for all plans. The national BCBS network applies to all plans. How you pay for care and services you receive will vary depending on plan enrolled.
- Navitus is the prescription carrier. The prescription formulary, or list of drugs covered by Navitus, is the same for all plans. The cost when picking up a prescription will vary depending on plan enrolled.
- Preventive care is covered at 100%.
- You will have the lowest cost share when utilizing UVMHN providers. In-network coverage will apply anytime you use a BCBS provider that is not part of UVMHN. You also have the ability to utilize an out-of-network provider but your deductible and coinsurance will increase, resulting in paying the most out-of-pocket for care.

THINGS TO CONSIDER WHEN CHOOSING A PLAN

COMPARE OUT-OF-POCKET COSTS

1. Annual Premiums:

What will you pay out of your paycheck for coverage under each plan?

2. Current Utilization:

Consider your current utilization by reviewing your Explanation of Benefits (EOB) from BCBS. Through BCBS's website, the Member Resource Center, you can access your and your family's medical claims history. Navitus' website can provide any prescriptions history for you and your family.

3. Make sure you understand Health Terms:

When looking at your past claims history and plan designs, it is important to make sure you understand terms like allowed amount, co-pay, deductible, coinsurance and out-of-pocket maximum.

4. Compare Current Utilization to Various Plan Designs:

When looking at the allowed pricing from previous claims, what would you pay under a different plan design? Would expenses be applied to the deductible and coinsurance? These expenses can be added to the premiums to provide a total medical plan expense.

5. Upcoming Care:

While we can't predict the future, it is important to consider any care you may have in the foreseeable future. Things to consider are major surgeries, common procedures or medications you take. You can then see how that care would be applied to your out-of-pocket expenses.

- When utilizing the BCBS or Navitus website, you can estimate costs for common procedures as well as medications costs near you. Keep in mind, if you visit a UVMHN provider, the cost of the service will be lower than what is shown on the BCBS website.

THINGS TO CONSIDER WHEN CHOOSING A PLAN

CONSIDER YOUR RISK TOLERANCE

WOULD YOU RATHER HAVE HIGHER PREMIUMS
(via your paycheck) but pay less at the time you utilize care through lower co-pays, deductible and coinsurance?

- This could be a good option for you and your family if you prefer a consistent budget or utilize the health plan quite a bit.

WOULD YOU RATHER PAY LESS IN PREMIUMS
(via your paycheck) but pay more at the time you access care and take advantage of a tax-free Health Savings Account (HSA)?

- This could be a good option for lower utilizers of health care services and prescription coverage, or those that are looking to save money, tax free, for future medical expenses.
- An HSA provides you the ability to save money, earn interest/invest, and use the money tax free for qualified expenses through the rest of your life.

DECISION SUPPORT TOOL

UVMHN recognizes there are a lot of things to consider when choosing a Medical Plan for you and your family. With that in mind, UVMHN has implemented a Decision Support Tool, called PLANSelect, to help provide you guidance.

HOW DOES IT WORK

PLANSelect is available from any computer or mobile device. Personal information is not collected, but you will be asked to enter your zip code and answer four questions to help predict your upcoming expenses.

- Who do you plan to cover on your plan?
- How much do you typically use your plan?
- What medical events do you anticipate in the next year?
- What medical conditions do you or anyone you plan to cover currently have?

PLANSelect uses your responses and zip code to calculate your need for medical services like office visits, prescriptions, surgeries, and lab work. UVMHN Medical Plan designs have been loaded into the tool and the cost of services is estimated based on national actuarial tables and regional data.

After completion, you are provided with a recommendation on which of the 4 UVMHN medical plans would likely provide the best value and be the lowest overall cost to you. Once the recommendation is provided, the information doesn't stop there.

PLANSELECT IS INTENDED TO:

- Provide clarity on your options – taking into account your premiums, out-of-pocket expenses, and HSA employer contributions.
- Explain why the recommendation is the best choice for you.
- Reduce the stress in choosing the right plan.
- Provide insight into the value of your benefits.

FLEXIBLE SPENDING ACCOUNT GENERAL, LIMITED PURPOSE AND DEPENDENT CARE

OVERVIEW & ELIGIBILITY

Flexible Spending Accounts (FSA) allow you to take money out of your paycheck on a pre-tax basis to pay for eligible expenses for you, your spouse, and/or any eligible dependents.

When you enroll in an FSA, you decide how much to contribute to the account for the entire calendar year. The money is deducted from your paycheck pre-tax (before federal and state income taxes and FICA taxes are deducted) in equal amounts. By doing this, you reduce your taxable income and increase your take-home pay by the amount of your tax savings. Your tax savings depends on your tax bracket.

USING THE MONEY

HealthEquity provides 3 ways for you to use the money in your account.

- **Pay by Debit Card**
Card is available for general purpose FSA and Health Savings Account (HSA) only.
- **Pay Me Back Claim**
If you have already paid for an expense out-of-pocket, you can pay yourself back by submitting documentation. Payment is issued by direct deposit or check to your home address.
 - This is the best option to use for Dependent Care FSA.
- **Pay My Provider Option**
Pay your healthcare providers directly from your account for eligible expenses.

- Co-pays, deductible, coinsurance
- Medical, Dental, and Vision out-of-pocket expenses
- Hearing Aids
- Some over the counter items such as lens cleaner, band-aids, and sunscreen

CARRYOVER BENEFIT - GENERAL & LIMITED PURPOSE FSA

You may carryover up to \$570 of unused funds into the next plan year. The carryover amount doesn't count towards your annual contribution maximum. Any unused funds greater than \$570 will be forfeited after the last day of the run-out period. The run-out period (January 1–May 31) provides you additional time to submit claims that were incurred during the plan year for reimbursement. If you have more than \$570 in your account at the end of the year, you will lose it.

EXAMPLE:

Let's say you have \$800 remaining at the end of the plan year (December 31, 2021). You have until May 31, 2022 to submit for any expenses incurred in 2021. If you do not have any expenses from 2021, \$570 will carry over into the next plan year (2022). The remaining \$230 will not carry over.

LIMITED PURPOSE FSA ELIGIBLE EXPENSES

Pre-tax funds can be used for:

- Dental and Vision out-of-pocket expenses
- Some over the counter items such as lens cleaner

LIMITED PURPOSE FUNDS CANNOT BE USED FOR MEDICAL EXPENSES.

CONTRIBUTIONS - GENERAL & LIMITED PURPOSE FSA

General and Limited Purpose FSAs allow you to contribute up to \$2,850, in 2022, for eligible expenses for you, your spouse, and/or any eligible dependents.

Your annual election is available to you on your first day of coverage, which means that when you incur eligible expenses, you can use your debit card or submit for reimbursement immediately even though the money you set aside is deducted from each paycheck, little by little over the course of the year.

EXPENSES PAID USING YOUR HEALTHEQUITY DEBIT CARD MAY REQUIRE PROOF OF YOUR EXPENSE(S).

Keep all receipts and/or Explanation of Benefit forms. HealthEquity will notify you if itemized receipts or additional documentation is required to validate your purchase.

DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT

OVERVIEW & ELIGIBILITY

A Dependent Care FSA is a pre-tax benefit account used to pay for dependent care services, such as preschool, summer day camps, before and after school programs, and child or elder daycare.

Eligible dependents include your children under the age of 13. Other eligible dependents include an adult child, an adult relative, or your spouse, provided that the adult dependent is physically or mentally incapable of self-care. Eligible dependents must rely on you for more than 50% of their financial support for the calendar year and they cannot qualify as a dependent of any other person.

DEPENDENT CARE FSA ELIGIBLE EXPENSES

PRE-TAX FUNDS CAN BE USED FOR:

- child care
- before or after school programs
- elder care (in your home or someone else's)
- senior daycare

For the most up-to-date listing of eligible expenses under a Dependent Care FSA, visit the HealthEquity website or IRS.gov for [Publication 503](#).

It is important to compare this option with the child and dependent care tax credit. Visit IRS.gov for more information.

Under a Dependent Care FSA, your contributions can be used for expenses that allow you to work. To be eligible dependent care must meet the following requirements:

- Care is provided to allow you to work, look for work, or attend school full-time. This applies to a spouse as well.
- Care must be provided by a relative or non-relative at least 19 years old by the end of the tax year.
- Care cannot be provided by the child's parent or another tax dependent.
- Your care provider conforms to state and local laws and is able to provide you with their Social Security or Tax ID number. This will be required when filing Form 2441 with your federal income tax.

CONTRIBUTIONS - DEPENDENT CARE

A Dependent Care FSA allows you to contribute up to \$5,000, if you are an individual or married filing jointly. If you are married and filing separately you can contribute \$2,500.

Funds in your dependent care FSA are available as you contribute them to your account. Unlike the other FSAs, you pay out of pocket, then receive reimbursement based on how much you have withheld from your paycheck for dependent care expenses. A debit card is not provided with a dependent care FSA.

GRACE PERIOD - DEPENDENT CARE

While there is no carryover for Dependent Care FSA, there is a grace period. The grace period provides additional time for you to use the funds remaining in your account. You have until March 15, 2023 to incur expenses that can be paid for using funds remaining from the 2022 plan year.

EXAMPLE:

If you have \$300 remaining at the end of the plan year (December 31, 2021), those funds will remain available for you to use for eligible expenses until March 15, 2022.

You have until May 31, 2022 to submit those 2021 eligible expenses for reimbursement.

Health Savings Account

(HSA)

Employees who enroll in either a UVMHN HDHP with HSA Plan will have a Health Savings Account (HSA) automatically opened on their behalf with HealthEquity.

A Health Savings Account or HSA is a tax-advantaged personal savings account that works with the HDHP. It allows you to set aside money to pay for eligible health care expenses. The account is yours to own and manage on your own. If you retire or leave employment, you'll take this account with you along with any contributions from your employer. There's no "use it or lose it" rule with your HSA. The money remains in the account until you decide to spend it.

HEALTH SAVINGS ACCOUNTS OFFER A TRIPLE TAX ADVANTAGE BY MAKING THE FOLLOWING TAX FREE:

- Contributions
- Anytime you use money for qualified expenses for you or any of your tax dependents
- Any Interest or Investment Earnings

HDHP enrollees will need to ensure that they meet the HSA eligibility requirements, outlined to the right, before enrolling in an HSA.

CONTRIBUTIONS

In 2022, UVMHN will make a contribution to your HSA help you lower your out-of-pocket costs and save more. Then, you can make pre-tax contributions from your paycheck to build your savings to pay for health care now or in the future. The UVMHN HSA contribution is based on the plan you choose and who you cover. UVMHN's contribution and your HSA savings are always yours to keep or use toward health care expenses.

UVMHN will deposit half of their contribution in January and the remaining contributions will be evenly distributed in April, July, and October. Newly hired employees will receive prorated amounts.

UVMHN's contributions to your HSA, plus any contributions you make may not exceed the yearly maximum.

See the [Appendix](#) for more details.

HSA CONTRIBUTION LIMITS	UVMHN HDHP with HSA Plan – 1500		UVMHN HDHP with HSA Plan – 3000	
	Single	Family	Single	Family
UVMHN Contribution	\$500	\$1,000	\$1,000	\$2,000
Your Contribution	Up to \$3,150	Up to \$6,300	Up to \$2,650	Up to \$5,300
Total Contribution allowed by the IRS	\$3,650	\$7,300	\$3,650	\$7,300

If you will be 55+ by end the of the calendar year, you can contribute an additional \$1,000 to the total noted above.

ENROLLMENT

When you enroll in the UVMHN HDHP with HSA Plan – 1500 or the UVMHN HDHP with HSA Plan- 3000, UVMHN sets up on your behalf an HSA account through HealthEquity. This process occurs automatically with your enrollment in the plan. You will receive an **HSA Welcome Kit** along with your debit card from HealthEquity.

DO YOU QUALIFY?

Participating in one of the HDHPs qualifies you for an HSA, but [IRS rules](#) may make you ineligible or affect the tax status of your account.

DO YOU QUALIFY TO PARTICIPATE IN A HEALTH SAVINGS ACCOUNT (HSA)?

- Are you on any form of Medicare or collecting Social Security?
- Do you have non-high deductible medical insurance coverage outside of UVMHN?
- Does your spouse have a Flexible Spending Account (FSA)?

IF YOU ANSWERED YES TO ANY OF THE ABOVE QUESTIONS, YOU ARE NOT ELIGIBLE TO PARTICIPATE IN AN HSA.

You are eligible to participate in a Flexible Spending Account (FSA). Regardless of your HSA eligibility, you can still be enrolled in a High Deductible Health Plan.

ELIGIBLE EXPENSES

You may use your HSA to pay for eligible expenses for your spouse or legal IRS dependents, even if they're not covered under the HSA plan.

Examples of eligible expenses include:

- Medical and dental plan deductibles, copays and coinsurance
- Prescription drug expenses
- Certain over-the-counter drugs with a prescription
- Un-reimbursed medical expenses from chiropractic visits and acupuncture for yourself and your dependents
- Dental expenses, including braces for you or your dependents
- Vision expenses, including Lasik eye surgery
- Long-term care expenses and insurance
- Cobra premiums

USING YOUR ACCOUNT

The debit card you receive from HealthEquity may be used to pay for eligible claims. While you do not have to substantiate purchases made with your HSA debit card, it is recommended that you keep all receipts in the event of an IRS audit.

INVESTMENT OPTIONS

One of the key benefits of the HSA is the ability to invest the funds to help maximize your asset and long term savings potential, tax free. Once your account reaches a balance of \$1,000, you have the option to invest your HSA funds above that \$1,000 balance. For more information on your investment options, fees, and more visit HealthEquity's website.

HOW AN HSA HELPS YOU SAVE FOR RETIREMENT

An HSA can be a resource to help you reach your [retirement goals](#). It combines many of the attributes you find in a traditional IRA and Roth IRA including tax-deductible contributions, tax-free growth and tax-free distributions. If you are able to pay for some or most of your annual health care expenses out of pocket, or if your annual HSA contributions are more than your expenses, the money in your account will accumulate. This money rolls over from year to year and grows tax-free through any investment returns it may earn. You can use this money to pay for qualified health care expenses in the future, including medical expenses in retirement.

DON'T FORGET YOU OWN AND ARE RESPONSIBLE FOR YOUR HSA

AS AN HSA OWNER, YOU:

- Decide the amount to contribute to the HSA for each calendar year
- Arrange for the withdrawal of any excess contributions
- Determine how funds in your HSA will be spent and/or invested
- Declare whether the distributions from your HSA are taxable or non-taxable.

You cannot delegate these responsibilities. As an HSA owner you are responsible for reporting all contributions and distributions to the IRS on your Form 1040. If you make any errors and do not correct them in a timely manner, you may pay additional tax and/or penalties to the IRS. Questions should be directed to your tax advisor.

Life Insurance

TERM LIFE INSURANCE

Benefit eligible employees are provided, at no cost, two times their annual base salary in term life insurance, up to \$1M. You are automatically enrolled in coverage the first of the month following your benefit eligibility date. There are no health requirements or questionnaires for employer provided coverage.

Your annual base salary is calculated by taking your hourly rate multiplied by your bi-weekly authorized hours, and then multiplying by 26 pay periods. Base salary does not include shift differentials, overtime, supplemental bonuses, or stipends. Once you determine your annual base salary, round up to the nearest thousand and then multiply by two to determine the value of coverage. The value of the coverage is also visible within Workday.

EXAMPLE OF EMPLOYER PAID LIFE INSURANCE:

Hourly Rate: \$15.00

Bi-weekly Authorized Hours: 80 hours

$\$15.00 \times 80 \text{ hours} \times 26 \text{ pay periods} = \$31,200$

Annual Salary is then rounded to nearest thousand = \$32,000

Rounded annual salary is then multiplied by 2 = \$64,000

In this example, you would be provided \$64,000 in term life insurance that would be paid out in the event of their death.

LIFE INSURANCE AND INCOME TAXES

Since UVM Health Network pays for your term life coverage and is considered part of a group life insurance plan, any life insurance coverage exceeding \$50,000 is considered taxable income (imputed) by the IRS. Imputed income will be reported on your W-2 as part of your taxable income.

To determine the amount of imputed income - you will need to calculate the coverage over \$50,000, use your age at the end of the calendar year, and use the table noted in the [Appendix](#).

If you wish to avoid imputed income, you may waive coverage over \$50,000. By waiving the employer coverage over \$50,000, if you later decide to change this election, you will need to provide Evidence of Insurability (EOI) at that time.

BENEFICIARY DESIGNATION

When enrolling in your benefits via Workday, you can elect to designate a beneficiary to your life insurance coverage. In the event of your death, the benefit would be paid out to the individuals noted assuming they are still living.

- You are not required to designate your life insurance to your spouse, if you are married.
- You can designate a trust as your beneficiary as well.
- Your beneficiaries can be updated at any time during the year, by updating them in Workday. At a minimum, it is important to review your allocations annually.

You are automatically the beneficiary for any life insurance coverage for your spouse and/or child(ren).

AGE REDUCTION

Under The Hartford life insurance policies there is a reduction in life insurance coverage once you reach the age of 70. Your coverage continues; however this means the insurance coverage is reduced by a certain percentages based on your age. This reduction applies to UVM Medical Center paid coverage as well as any optional coverage you elect for you or your spouse. The reduction is based upon the insured person's date of birth.

- At age 70, coverage is reduced to 65% of the coverage in place prior to age 70.
- At age 75, coverage is reduced to 50% of the coverage in place prior to age 70.

PORTABILITY/CONVERSION

If you leave UVM Health Network employment or become employed in an ineligible status, you can take the coverage with you. Under The Hartford Life Insurance Plans, you can take your coverage with you by porting or converting coverage.

If you terminate employment or become ineligible for coverage, you will be notified by The Hartford via USPS mail on your options and steps necessary to continue coverage. Please be aware you have 31 days to make an election on continuation.

STARTING A CLAIM

Asking to take a leave of absence from work – whether you need time off for a medical procedure or to welcome a newborn into your family – can be stressful to do. While you should provide as much advance notice as possible for an upcoming leave, you do not need to provide the reason or details surrounding your need for leave.

Things you should do before a leave:

- Make your request to your manager in person, if possible
- Call The Hartford
- Return the Request for [Time Away from Work Form](#) to LOA@UVMHealth.org

ENROLLMENT, AUTOMATIC ENROLLMENT & OPTING OUT

You may begin contributing to the plan at any time during your first six months of employment. **If you do not take any action, you will be automatically enrolled into the 403(b) Retirement Plan after six months of service.** The pre-tax contribution will be set at 3% of pay. Automatic enrollment applies to all new employees and rehires regardless of employment status (full-time, part-time, per diem).

To begin contributing, or to “opt-out” of automatic enrollment, you will need to make that election with Fidelity. If you are a new Fidelity user, there are two ways to make an election:

1. Log on to [NetBenefits at Fidelity.com/atwork](https://netbenefits.fidelity.com/atwork). Click Register as a New User and follow prompts to establish a user name and password. You will need a code that will be sent to your work email account.

2. Call Fidelity at (800) 343-0860.

If you already have an account at Fidelity, use your existing username and password to access our plan from your dashboard.

EMPLOYEE CONTRIBUTIONS

YOUR CONTRIBUTIONS

You can begin making personal contributions immediately by way of traditional pretax and/or Roth after-tax deductions.

Traditional pre-tax contributions are deducted from your paycheck. You pay no federal or state taxes on your before-tax contributions until you receive a distribution from the Plan. Roth contributions are made with after-tax dollars and along with any earnings over time, are exempt from taxes when you take a qualified withdrawal.

YOUR CONTRIBUTION LIMIT

In 2022, the IRS contribution limit is \$20,500.

If you will be 50 or older in 2022, you may make additional catch-up contributions of \$6,500. For your convenience, if you meet the age requirement, your contribution limit will automatically be extended to \$27,000 for the year.

We will automatically shut off your contributions when you hit the allowed maximum for your age.

If you worked for another employer during the calendar year, it is your responsibility to monitor your total contributions. Contact Benefits for more information.

MATCHING CONTRIBUTION

After six months of service, if you contribute 3% or more of your eligible earnings, UVM Medical Center will make a matching contribution of 2%. You must be part-time or full-time to be eligible for employer contributions.

If you contribute less than 3%, the matching contribution will be prorated.

The matching contribution is calculated on a per pay period basis – not on annual earnings. In order to receive the full matching contribution, you must have a deferral election of 3% or more in place. If your deferral is set to 0%, you will not get a matching contribution.

VESTING

You always own any contributions you make to your retirement account. Employer contributions are subject to a 3-year vesting period.

If you terminate employment after reaching age 65 or die while still an employee, you will be vested in all UVMMC contributions and investment earnings on those contributions regardless of the number of years of service you have earned.

INVESTMENT OPTIONS

Our plan offers a wide range of investment options designed to meet your specific goals, time horizon and risk tolerance. There are mutual funds for stocks and bonds, a stable value fund, and a money market option. The investment line-up also includes age-based, target date mutual funds.

Experienced investors may be interested in opening a self-directed Fidelity Brokerage Link account to access other mutual funds.

If you do not make investment elections, contributions will be automatically invested in the Plan's predetermined default account. UVMHC has selected the T. Rowe Price Target Retirement Life Cycle Funds to serve as the default. Which fund you would default to depends on an assumed retirement date that is based on your age.

REHIRE & SERVICE TIME INFORMATION

If you worked at UVMHC or any UVMHN affiliate within the past five years and have been rehired, your earlier service time will apply to the 6-month wait for employer contributions and the three year vesting period. Please contact the Benefits Department if you believe this may apply to you.

EDUCATION & CONSULTATIONS

Fidelity hosts frequent on-site visits for one-on-one meetings. **Visit the intranet to view the schedule and make an appointment online at [Fidelity.com/reserve](https://fidelity.com/reserve) or you can call (800) 642-7131.**

Time Away

You are entitled to at least 3 weeks (a week equals 5 work days plus 2 weekend days) per GME academic year. Each academic year resident are given 5 sick or personal days. During the appropriate year of training, residents are allowed at least 5 work days to participate in post graduate interviews. Additional interview days may be granted at the discretion of the program director. Interview days granted are not transferable to vacation or sick/personal days.

The number of allowed days away from a program may vary depending on the Accreditation Council for Graduate Medical Education and certifying Board requirements. The timing of Paid Time Off is governed by GMEC and GME training program policies and requires prior approval of the resident's/fellow's program director. Extended leave of absences may require the resident/fellow to extend their training program to satisfy their program's certifying Board and Accreditation Council for Graduate Medical Education requirements.

PTO for vacation and sick/personal days is granted annually and does not roll over to a new academic year. If a resident/fellow does not use their PTO during an academic year, they lose this allocated time off and are not reimbursed for unused PTO. A resident/fellow who leaves their GME training program prior to completion of their program or upon graduation is not reimbursed for unused PTO. A resident/fellow is not required to use any portion of their annual PTO to sit for exams required to maintain their status in the program nor for recognized UVM Medical Center holidays.

Affordable Care Act

In 2010, the federal government enacted the Affordable Care Act, a comprehensive health care reform law that phased in a series of actions over an eight-year period.

THE ACA IS INTENDED TO:

- Provide all Americans access to health care
- Lower the cost of quality health care
- Protect consumers' health care rights

To expand health care coverage, as part of the Employer Shared Responsibility Provision of ACA, also known as the employer mandate, all employers with 50 or more full-time equivalent employees (FTE) are required to provide minimum essential medical coverage (MEC) to at least 95 percent of their full-time employees and dependents up to age 26.

FULL-TIME EMPLOYEES FOR ACA PURPOSES ARE THOSE WHO WORK, OR ARE EXPECTED AT HIRE TO WORK, AN AVERAGE OF 30 HOURS OR MORE PER WEEK.

Employers are also required to report coverage information to the IRS and furnish covered individuals with a form that shows compliance with the individual shared responsibility provision of ACA. The annual notification, also known as the IRS Form 1095-C, must be sent annually to full-time employees and individuals covered by a self-insured plan by the end of January.

UVM HEALTH NETWORK'S ACTION UNDER ACA

The ACA employer mandate covers all UVMHN employees who work full time by ACA standards. Full-time employees for ACA purposes are those who work, or are expected at hire to work, an average of 30 hours or more per week. They include not only UVMHN's benefits-eligible employees, but also UVMHN's part-time, regularly scheduled special, and per diem employees. Employees who meet the ACA's full-time standard are referred to at UVMHN as "ACA-eligible" employees.

THERE ARE THREE METHODS FOR DETERMINING ELIGIBILITY UNDER THE ACA:

• Method 1 - Hire:

Employee is hired into a position that is expected to average 30 or more hours per week based on the weekly authorized hours entered into Workday, the employee is determined to be ACA-Eligible for coverage.

• Method 2 - Hire with Look Back:

Employee is hired into a position that is expected to average 30 or more hours per week based on the weekly authorized hours entered into Workday, the employee is determined to be ACA-Eligible for coverage.

- If an employee is eligible for insurance and reduces their hours at some point in the year, they are able to maintain their coverage for the remainder of the year assuming they continue employment and had an average of 30 hours per week prior to the reduction.

• Method 3 - Annual Look Back:

An annual "look back" is performed for employees who are not eligible for the standard medical insurance plans, by looking at their worked hours for UVMHN over the past year (from November through October). The annual "look back" is to determine if the employee averaged 30 or more hours per week based on the actual time worked. If the hours average 30 or more per week, the employee is ACA-Eligible for coverage beginning January 1 of the following year.

ACA-ELIGIBLE EMPLOYEE MEDICAL COVERAGE AT UVMHN

To comply with the ACA employer mandate, all ACA-eligible employees are offered the UVMHN HDHP 3000. The ACA Plan is a high deductible health plan that provides affordable minimum essential medical coverage (MEC) of minimum value (MV) to ACA eligible employees and their eligible dependent children up to age 26.

Please note: The ACA requires employers to offer minimum essential coverage (MEC) to ACA-eligible employees and their eligible dependent children up to age 26. Therefore, the ACA Plan does not provide spousal coverage.

ACA-ELIGIBLE OPEN ENROLLMENT

Those who qualify for ACA-Eligible medical coverage will be notified about the opportunity to elect UVMHN medical coverage. An annual Open Enrollment will be held in the fall for coverage beginning January 1 of the following year. During this time, employees may elect the ACA Plan for medical coverage.

Please note: As part of the ACA's individual shared responsibility, all individuals must have qualifying health insurance coverage for the year, either through employer coverage or through the Health Insurance Marketplace, such as Vermont Health Connect, the private health exchange for Vermont residents. Before enrolling in the UVMHN ACA Plan, employees may want to compare the ACA Plan coverage and costs with the medical plan options offered through Vermont Health Connect.

HOW TO ENROLL

Employees determined to be ACA-Eligible employees will receive notification of their ACA-Eligible opportunity either at hire, at first anniversary or at the annual Open Enrollment period. When the enrollment period begins, ACA Plan elections can be made online through [Workday](#) until the end of December.

ANNUAL TIMELINE FOR ACA ACTIONS

TIMELINE	ACA ACTION	ACTION
November	Measurement	Look Back Reporting: All employees are "measured" for ACA Full-time status based on worked hours in the prior 12 months.
November	Notification	Notifications sent to ACA Full-time eligible employees with enrollment details. Any ACA enrolled employees in the current year who will not qualify in the next calendar year will be notified regarding their coverage end date.
November - December	Enrollment	ACA - Eligible Open Enrollment Period. Medical elections are made within Workday for coverage for themselves and any dependent child(ren).
January	Coverage Begins	Elected ACA medical coverage begins on January 1.
February	ACA - Reporting	Form 1095-C will be provided at the end of January. Employees may elect to receive Form 1095 electronically (e-delivery), by logging into Workday and electing the delivery preference. If electronic distribution is not selected, it will be sent via U.S. Mail.

PAYING FOR COVERAGE

You are responsible for paying premiums each pay period. Premiums will be removed from your paycheck on a pre-tax basis if you work during the pay period. If you do not work during the pay period, you will be billed for payment via personal check or credit card. All payments are due within 30 days. Failure to pay could result in cancellation in coverage.

ACA INDIVIDUAL REPORTING OF THE OFFER OF COVERAGE - 1095(C)

The Affordable Care Act (ACA) requires that certain employers provide you with an IRS tax form called Form 1095-C Employer-Provided Health Insurance Offer and Coverage.

UVMHN will send eligible employees the IRS Form 1095-C each January, whether they elect UVMHN coverage or not. This form details the coverage made available by UVMHN in the prior year.

ACTION AFTER RECEIVING IRS FORM 1095(C)

You will need the information from your IRS Form 1095-C when you complete your Federal income tax return. Keep the form as your "proof of coverage" for the ACA individual mandate. At this time, you are not required to submit it to the IRS with your tax return.

The 1095-C form provides documentation of employer-provided health coverage offered to you, as well as enrollment information for you and your dependents as required under the employer shared responsibility provision of the Affordable Care Act (ACA).

You may receive more than one of these Forms if you changed employers or medical plans mid-year.

COBRA Overview

The Consolidated Omnibus Budget Reconciliation Act (COBRA) provides eligible covered employees and their dependents the opportunity to temporarily extend their health coverage when coverage has been terminated.

The election to continue coverage must be made within a specified election period. If elected, coverage will be reinstated retroactive to the date following termination of coverage. There is no lapse in coverage.

An initial notice is provided to all new employees upon enrollment in any health plans at UVMHN. This notice is to explain the COBRA law, our notification obligations and your potential rights to COBRA coverage if loss of group health coverage should occur.

LOSING COVERAGE UNDER UVMHN PLANS

When you or a covered dependent lose eligibility to participate in UVMHN's health plans, the coverage will be terminated. However, under most circumstances, you may continue the medical/prescription, dental, vision and health care flexible spending account benefits coverage through COBRA.

COBRA coverage is generally offered for up to 18 months, or longer depending on the circumstances. When you begin participation in COBRA, you may only continue the benefits in which you were enrolled at the time your coverage was lost. However, you may change the level of coverage (e.g., family to employee and child). Covered dependents retain COBRA eligibility rights even if the employee chooses not to enroll.

ENROLLING IN COBRA BENEFITS

When you separate from UVMHN or lose coverage, EBPA, our COBRA administrator will send you a COBRA qualifying event notice. You will then have 60 days from the date of cancellation of your coverage or the date of the notification, whichever is later, to elect to continue your benefits through COBRA. You will remit your payments directly to EBPA. Your COBRA coverage will be retroactive to the date your coverage would have terminated.

Timely submission of COBRA elections and payments are important – you will not be allowed to elect COBRA if you miss the election deadline. Your benefits will be automatically canceled unless the required premiums are paid on or before the due date. Once COBRA benefits are canceled because of nonpayment, they will not be reinstated. You and/or your covered dependents are responsible for notifying the COBRA Administrator of a divorce, legal separation or a child losing dependent status while covered under the Plan so COBRA enrollment can be initiated.

The life insurance coverage in force on the date of termination is not available through COBRA; however, the employee and/or dependent may be eligible to convert or port their life insurance coverage. See the Life Insurance Coverage Certificate for details.

Important Legal Notices for The University of Vermont Health Network

NOTICE OF SPECIAL ENROLLMENT RIGHTS

A federal law called HIPAA requires that we notify you about a very important provision in the Plan. Specifically, your right to enroll in the Plan under its “special enrollment provision” if you acquire a new dependent, or if you decline coverage under this Plan for yourself or an eligible dependent while other coverage is in effect and later lose that other coverage for certain qualifying reasons.

Loss of Other Coverage (Excluding Medicaid or a State Children’s Health Insurance Program). If you decline enrollment for yourself or for an eligible dependent (including your spouse) while other health insurance or group health plan coverage is in effect (including COBRA coverage), you may be able to enroll yourself and your dependents in this Plan. If you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents’ other coverage). However, you must request enrollment within 31 days after your or your dependents’ other coverage or COBRA ends (or after the employer stops contributing toward the other coverage). If you have COBRA, you must exhaust that coverage to be eligible to enroll in the Plan mid-year.

Loss of Coverage for Medicaid or a State Children’s Health Insurance Program. If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children’s health insurance program is in effect, you may be able to enroll yourself and your dependents in this Plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents’ coverage ends under Medicaid or a state children’s health insurance program.

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption. NOTICE OF PATIENT PROTECTIONS

The UVMHN Medical Plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. Until you make this designation, Blue Cross Blue Shield (BCBS) designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact BCBS at (833) 578-1126.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from The University of Vermont Health Network Medical Plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact BCBS at (833) 578-1126.

LIFETIME AND ANNUAL LIMITS

All Health Insurance Plans offered at UVMHN do not impose a lifetime limit on essential health benefits. This is in order to comply with the Affordable Care Act (ACA). Questions regarding protections can be directed to the plan administrator. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered and non-grandfathered health plans.

PREVENTIVE COVERAGE UPDATES

The Affordable Care Act – the health insurance reform legislation passed by Congress and signed into law by President Obama on March 23, 2010 – helps make prevention affordable and accessible by requiring health plans to cover preventive services and by eliminating cost sharing for those services. Preventive services that have strong scientific evidence of their health benefits must be covered and plans can no longer charge a patient a co-payment, coinsurance or deductible for these services when they are delivered by a network provider. The list of covered preventive services is updated annually as changes in recommendations occur. In the last several years, the list was updated to include special preventive services for women, such as contraceptive coverage, genetic testing for breast cancer, chemo-preventive drugs for breast cancer such as Tamoxifen and Raloxifene (where medically indicated), and BRCA risk assessment and genetic counseling/testing for women with certain cancer risks. Smoking cessation counseling and prescriptions are another example of expanded services. For more information about covered preventive services, visit BCBS's [website](#).

WOMEN'S HEALTH AND CANCER RIGHTS ACT

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits under the Plan, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- all stages of reconstruction of the breast on which the mastectomy was performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance;
- prostheses; and
- treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this Plan. The deductibles and coinsurance are found in the Plan's summary plan description. Contact BCBS for more information about your rights under WHCRA. If you have any questions about the coverage of mastectomies and reconstructive surgery under the Plan, please call Member Services at (833) 578-1126, or visit myhealthtoolkitvt.com.

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT OF 1996

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

COVID-19 RELATED SERVICES

The Families First Coronavirus Relief Act (FFCRA), as amended by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), requires health plans to cover without cost sharing, prior authorization, or medical management certain COVID-19-related diagnostic tests (including antibody tests), services, and products. The period during which the coverage mandate applies begins on March 18, 2020 and will end when the COVID-19 public health emergency is no longer in effect. The service covered at no cost include items and services that are provided during a diagnostic office, emergency room, or urgent care visit so long as the visit results in the administration of or order for the COVID-19 test, provided the products relate to the furnishing or administration of the test or evaluating the individual for the need of the testing.

Common Health Insurance Terminology

AGGREGATE/NON-EMBEDDED VS. EMBEDDED DEDUCTIBLE

An aggregate (non-embedded) deductible is when the entire family deductible for a family health care plan must be met to receive a reimbursement from BCBS. The deductible can be reached by one family member or a combination of members within the family. UVMHN plan will have an aggregate deductible on the 2 high deductible health plans (HDHP 1500 and HDHP 3000).

An embedded deductible is when individual members in a family health care plan only need to meet their own deductible before BCBS will begin to pay for services. UVMHN plan will have an embedded deductible on the 2 traditional health plans (Premier 250 and Premier 400).

ALLOWED AMOUNT

The most money that your BCBS Plan will pay toward a health care service.

BENEFIT YEAR

The year or period of time that your insurance coverage starts and stops. UVMHN's benefit year follows the calendar year.

CARVE-OUT

An employer group utilizes a different insurance company to administer a specific benefit instead of its primary health insurance provider.

UVMHN has a carve-out of its prescription drug coverage, by utilizing Navitus Pharmacy Solutions.

COINSURANCE

The percentage of the bill you pay for a covered product or service. Unlike a copay, which is a flat amount, coinsurance is a percentage of the cost of the service. If your health plan has a deductible, the coinsurance is the amount you're responsible for after your deductible is met.

COPAYMENT/CO-PAY

The amount you pay for a health care service, like a doctor visit. The amount depends on your plan, the provider, and the type of service you receive. In addition, prescription medications also require copays, and they will vary depending on the medication.

DEDUCTIBLE

The amount of money you pay for covered health care services before your health insurance starts to pick up the tab. If your cost exceeds the deductible, your plan will cover a percentage of the remainder (90% or 95%) and you would be responsible for the remaining cost (5% or 10%). This is called coinsurance.

ER, URGENT CARE, OR PCP?

While you may be familiar with the terms emergency room (ER), urgent care, and primary care physician (PCP), do you know which to visit for a health issue – and when?

Deciding the best course of action can be critical for getting the most effective care for your medical needs. A PCP knows your medical history and can treat you with your unique health needs in mind, while an urgent care facility can be very convenient when your doctor's office is closed. Of course, the ER is the best option when emergency care is needed.

Making the right choice can also save you money. While you should always go to the ER for serious health emergencies, visiting your PCP is a more cost-effective option under normal circumstances.

EXCLUDED SERVICES

Any health care service that BCBS does not pay for or will not cover. You can find a list of excluded services in your Summary Plan Description (SPD).

EXPLANATION OF BENEFITS (EOB)

At first glance, it may appear to look like a bill – it's not. An EOB is a statement that BCBS sends in the mail after you receive a health service. It tells you how much the provider charged, how much BCBS will allow, how much your insurance paid, and the amount you may owe.

An EOB is great documentation for submitting for reimbursement under a Flexible Spending Account (FSA) or Health Savings Account (HSA).

FORMULARY

A list of approved prescription drugs Navitus will pay for, based on the efficacy, safety, cost-effectiveness, and overall value of the drug. The formulary is set by Navitus' Pharmacy and Therapeutics Committee. This committee consists of independent, actively practicing physicians and pharmacists.

If your doctor prescribes you a new medication, it's always good to ask the physician if the drug is covered by your health insurance. The doctor will be able to tell if the drug is covered by looking up your plan's prescription drug formulary.

Under UVMHN's traditional health plans, the formulary is divided into three tiers, with varying co-pay amounts (Tier 1 has the lowest copay and Tier 3 has the highest). Under UVMHN's high deductible health plans, you will pay your deductible and then co-pays. Regardless of the plan you are enrolled in, utilizing UVMHN's Retail or Mail Order Pharmacies, you will save money on your prescriptions.

FSA

A flexible spending account (FSA) allows employees to set aside pre-tax dollars for specific, qualified health and/or dependent care expenses. The money is deducted directly from the employee's paycheck and is not subject to payroll taxes. You can only enroll in an FSA if enrolled in a traditional health insurance plan.

HSA

A health savings account (HSA) is owned by the individual (not by the employer) and can be used to pay for qualified medical expenses without federal tax penalty.

DOMESTIC NETWORK, IN-NETWORK VS. OUT-OF-NETWORK

The Domestic Network refers to any providers or facilities within The University of Vermont Health Network. All UVMHN providers and facilities are contracted with BCBS. Domestic services have the lowest cost-share.

In-network providers and facilities are providers BCBS has contracted with under your health coverage. In-network does not mean a provider or facility needs to be located in Vermont or New York. BCBS provides network coverage nationally.

Out-of-network refers to any providers or facilities that have not contracted with BCBS. When utilizing out-of-network care you will be responsible for a higher percentage of cost-share.

MEDICALLY NECESSARY

Health care services or supplies needed to prevent, diagnose, or treat an illness, injury, condition, disease, or its symptoms that meet accepted standards of care.

MEDICARE

Medicare is a federally governed health care program for people ages 65 or older. Certain people with disabilities and those with end-stage renal disease are also eligible for this program. There are four basic components:

MEDICARE PART A (HOSPITAL INSURANCE)

Covers inpatient services, including hospital stays, home health, hospice, and limited skilled nursing facility services.

MEDICARE PART B (MEDICAL INSURANCE)

Covers outpatient services, including physician services, medical supplies, and other outpatient treatment. After you pay a deductible, Medicare pays its share of the Medicare-approved amount, and you pay your share (coinsurance and deductibles).

MEDICARE PART C (MEDICARE ADVANTAGE PLANS)

A managed Medicare Advantage plan. With this type of plan, qualified individuals and groups would have their Medicare coverage provided through an insurer, such as CDPHP. They must be eligible for Medicare Part A and Part B. Medicare Advantage plans can provide prescription drug coverage (Part D).

MEDICARE PART D (PRESCRIPTION DRUG COVERAGE)

A federal program to help cover the costs of prescription drugs for Medicare recipients in the United States.

NETWORK

The facilities, providers, and medical suppliers BCBS has contracted with to provide health care services. A network could range from a primary care physician (PCP), to a chiropractor, to a nursing home.

OUT-OF-POCKET MAX

Many people don't realize that every health insurance plan sets a maximum for the amount you will have to pay, referred to as the out-of-pocket maximum (OOP max). Once you have reached your OOP max, BCBS will begin to pay 100% of the costs for covered care. Different plans have different OOP maximums.

OUTPATIENT CARE/AMBULATORY CARE

Care in a hospital that doesn't require an overnight stay. Examples of hospital outpatient services include lab tests, physical therapy, minor surgeries, and X-rays. Outpatient services typically cost less than inpatient services since they do not require a patient to stay at a health care facility for an ongoing amount of time.

PREMIUM

A premium is the amount you pay for health insurance. It is, essentially, your bill for your health insurance. This money is taken out of your paycheck each pay period on a pre-tax basis.

PRIOR AUTHORIZATION

Sometimes BCBS requires that certain medical services be approved prior to you receiving them.

ROUTINE/PREVENTIVE VISIT

Routine or preventive visits are usually scheduled appointments that include a checkup, screenings, and counseling. They do not include tests or services to monitor or manage a condition or disease once it has been diagnosed. Depending on your plan type, the care provided during these visits is often covered with no out-of-pocket costs.

SPECIALIST

A specialist is a doctor who focuses on a specific area of health care. Some specialist examples include cardiologists (heart), dermatologists (skin), pulmonologists (lungs), and ophthalmologists (eyes).
