

Mental Health and Wellbeing

Supporting the mental health and wellbeing of all community members by offering timely services and promoting social connections.

Food Access and Security

Families and individuals experience food security when they have reliable access to healthy, culturally appropriate foods.

Workforce Development

Supporting people to gain knowledge and skills that allow greater employment, financial stability, and opportunity.

Cultural Humility and Inclusive Health Care

Access to inclusive, high-quality health care in settings where all community members feel safe, respected, and understood.

Housing

Having safe, healthy, and affordable housing that meets the needs of all families and individuals in our community, while promoting equitable access.

Accessible and Coordinated Care

Improving access to coordinated care that meets all people's health needs while addressing complexities in the system.

Thank you for sharing what matters most for strengthening your community's health and wellbeing!
