

Lupus Anticoagulant Cascade Change is Days Performed

Andrew Goodwin, MD
Medical Director
Coagulation and
Hemostasis

Beginning June 4, 2018 the Thrombosis and Hemostasis Laboratory will perform the Lupus Anticoagulant Cascade testing (order code: LACASC) every Monday and Thursday. We will no longer perform testing on Tuesdays. This change is necessary to balance the workload and allow for timely patient results. Please contact Dr. Goodwin at 802.847.2377 should you have any questions.
